

PRODISPLAY[®]

55" TRANSPARENT OLED DISPLAY

Transparent OLED Integration Panels represent a cutting-edge advancement in digital signage and display technology. These Integration Kits allow for custom installations which will deliver vibrant dynamic or interactive content while maintaining clear visibility through the glass surface. Ideal for retail, exhibitions, corporate environments and architectural integration, this innovative solution allows designers to create immersive, futuristic display experiences – often described as the ‘Minority Report’ effect – without blocking light or sightlines.

SPECIFICATIONS
